 - e) Business
3. Next steps
4. AOB

1. Apologies received

Craig Wolstenholme - Green lead
Matt Pinder
Liam Bardell - Business lead
Cllr Douglas Johnson
Cllr Ruth Mersereau

2. Updates from theme leads

Heritage, Arts & Culture

Brooke & Rob updated the meeting on the launch of the first Kelham Heritage Month in April. The event forms part of the consultation process for the development of a Neighbourhood Plan. During the month residents and those working in the area would be encouraged to nominate their favourite heritage building or landmark via dedicated social media channels.

The Heritage Group had also commissioned Creative Heritage, a heritage consultancy, to undertake a survey of designated and non-designated heritage assets in the area and also review the conservation area boundary in preparation for assessment as part of the Neighbourhood Plan. The consultant report would be distributed to the Steering Group once completed.

Green

A draft version of the Green element of the NP is being prepared by Craig for consideration. A meeting was held with interested parties (EA, RSC, Wild Sheffield, S Yorks Bat Group, Ecology Unit Sheffield Council) in December to seek input and advice.

Work on the furniture elements for 'Naomi's Corner' is almost complete and will be installed in mid-April all being well. A range of low-maintenance plants have been selected to use in the planters.

Transport

Anders updated the meeting on the 'Connecting Sheffield' proposals and their implications for transport in the area.

Housing

Chris updated the meeting on a number of discussions with local developers, who have approach KINNF regarding proposed new development sites. These have been positive meeting where KINNF has been able to engage in the suitability and appropriateness of sites for the Kelham and Neepsend area.

Business

To be updated at the next meeting

3. Next steps

Chris shared a provisional timetable for the preparation of the Neighbourhood Plan. This will include a further round of community consultation and an intention to complete a draft plan by Autumn 2021.

4 AOB

Nothing to report.
